

Home Learning

In the event that your child is at home for any length of time either due to self-isolation or school closure, we wanted to set out our expectations for home learning. This will include daily expectations, research projects and links to online resources.

Daily Tasks

Reading: at least 30 minutes, preferably to an adult. Questioning your child's understanding of what they have read would be helpful.

Complete one reading comprehension task per day.

Times tables: children should log into their account at <https://trockstars.com/>.

Maths: Complete one page from Maths booklet.

Writing

Diary: daily diary entry in their exercise book. This could include activities, thoughts and feelings. This may help children to process what is happening and be an interesting record to look back on in future days.

Weekly

Topic:

Complete one task on homework grid.
